

Women Empowerment in Marginalized East Jerusalem Communities

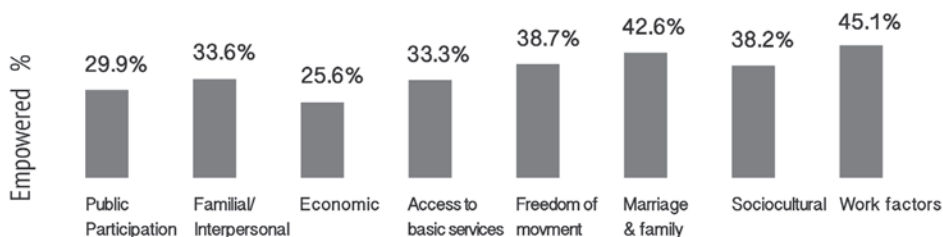

Study sample: 953 adult women (18-68) living in Old city, Tur, Jabal Mukabber, Issawiyya, Ram, and Shufat camp (2017)
 Study tool: Women empowerment was measured using WHO tool for Women's Empowerment and Leadership

Background

 **Empowerment**
 In patriarchal contexts, tight controls are exerted on women in every sphere of their lives

18% of women felt empowered (having at least 5 of the below dimensions of empowerment)

Editor's Note:

The Policy Recommendations through research on Empowering Palestinian Women from East Jerusalem's Most Marginalized Communities shall be published in a forthcoming issue of *Jerusalem Quarterly*.
